Upon adoption by the SMMC Board of Directors, acting in its capacity as the governing body the hospital, this policy and the Financial Assistance Programs set forth herein will constitute the official financial assistance policy (within the meaning of Section 501(r) of the Internal Revenue Code) for SMMC.

The Hospital-Specific AGB

III. Policy:

- A. Overview**. SMMC is dedicated to providing quality healthcare to all patients regardless of age, sex, sexual orientation, race, religion, disability, veteran status, national origin and/or ability to pay. This policy establishes two programs, the Basic Financial Assistance Program and the Enhanced Financial Assistance Program. Under the Basic Financial Assistance Program, Uninsured Patients having annual household incomes of \$125,000 or less may, depending upon their assets and liabilities, qualify for discounted pricing for Covered Services without having to apply for Medicaid assistance. Under the Enhanced Financial Assistance Program, Uninsured Patients having household incomes at or below 200% of the Federal Poverty Line and insufficient assets may, depending upon their assets and liabilities, qualify for Enhanced Financial Assistance in the form of free Emergent Services and other services required to be provided by SMMC under EMTALA, subject (in most circumstances) to application for Medicaid, and for discounted pricing for other Covered Services. This policy and the Financial Assistance Programs set forth under this policy are intended to comply with Section 501(r) of the Internal Revenue Code and the regulations promulgated thereunder, and shall be interpreted and applied in accordance with such regulations.

B. Exclusions. This policy and the Financial Assistance Programs hereunder apply solely to Uninsured Patients who have no third party coverage either for the Covered Services SMMC provides to them, through governmental sources or commercial insurance, or for physician services. There is no financial assistance program at SMMC available to persons who are not Uninsured Patients. This policy and the Financial Assistance Programs hereunder do **not** apply to the portion of charges an insured patient is personally responsible for, i.e., co-pays, co-insurance, and deductibles, and does not apply to non-Covered Services. This policy is not available to persons who have basic health insurance that excludes hospital inpatient or outpatient services, nor is it available to persons who have any contractual claim or right for reimbursement or indemnification from an insurer or other third party payor. Furthermore, this policy does not apply to charges for services from other providers whose services are coincident to those provided by SMMC (e.g., radiologists, anesthesiologists). The policy also does not apply to elective procedures except as may be determined in the sole discretion of SMMC on a case-by-case basis.

C. Reservation of Right to Seek Reimbursement of Charges from Third Parties. In the event that any first or third party payor is liable for any portion of an Uninsured Patient's bill, SMMC will seek full reimbursement of all charges incurred by the patient at the Hospital's Usual and Customary Charges from such first or third party payors.

D. Methods for Applying for Financial Assistance. Patients may apply for Financial Assistance under either the Basic or Enhanced Financial Assistance Programs by any of the following means:

1. Advising PFS personnel at or prior to the time of registration that they are Uninsured.
 - a. PFS personnel will offer a patient a form for the Basic Financial Assistance Program if the patient states that his/her annual household income is under \$125,000.

2. **Amounts Payable Under Basic Financial Assistance Program.** Participants in the Basic Financial Assistance Program will be charged for Covered Services at AGB provided, however, the Basic Financial Assistance Program does not apply to Covered Services for which SMMC has published a package price for procedures for self-pay patients (e.g., obstetric packages) if the price is below AGB. If the Covered Services are Emergent Services or services that the Hospital is otherwise required to provide under EMTALA, then the Hospital will provide such Covered Services *without requiring any advance deposit or prepayment*¹. For all other Covered Services, SMMC will ordinarily require a substantial advance prepayment or deposit in the estimated amount of the AGB for the Covered Services or other arrangements for assurance of payment satisfactory to PFS in its discretion.

¹ Payments in the Emergency Department are excluded based on interpretation of the current 'proposed' rules. If the language of the final rule permits payments in the Emergency Department, this clause will be removed.

3. **Determination and Publication of Hospital-Specific AGB Percentage.** Immediately upon each annual determination of the Hospital-Specific AGB Percentage(s), SMMC shall prepare a description of the manner in which the Hospital-Specific AGB Percentage(s) were determined using the form attached to this Policy as Appendix A and shall cause such calculations to be posted on the SMMC website, and the applicable calculation to be posted on the Hospital's website.

For all other Covered Services, an Uninsured Patient who qualifies for the Enhanced Financial Assistance Program will be charged AGB, and SMMC will ordinarily require a substantial advance prepayment or deposit in the estimated amount of the AGB for the Covered Services or other arrangements for assurance of payment satisfactory to PFS in its discretion. The determination of whether services constitute Emergent Services will be made by the Chief Medical Officer of the Medical Center, whose determination will be final.

APPENDIX B

SUMMARY OF FINANCIAL ASSISTANCE PROGRAMS AT ST. MARY'S MEDICAL CENTER

ST. MARY'S MEDICAL CENTER offers a Basic and an Enhanced Financial Assistance Program to uninsured patients. An uninsured patient is someone who does not have any health coverage at all, whether through insurance or any government program, and who does not have any right to be reimbursed by anyone else for their healthcare expenses.

If you are an uninsured patient, you will qualify for the Basic Program if you have an annual household income of less than \$125,000 and lack any other assets to pay the Hospital's full charges. If you qualify for the Basic Program, you will be charged "Amounts Generally Billed," which is based upon the average of the amounts that would have been paid to the Hospital by private health insurers and Medicare (and co-pays and deductibles) for the medically necessary services that you receive, if you had been insured.

If you are an uninsured patient, you will qualify for the Enhanced Program (1) if you have an annual household income equal to or less than 200% of the Federal Poverty Level and lack other assets to pay the Hospital's full charges and, (2) if requested to do so by the hospital, you apply for Medicaid, fully cooperate in the application and determination process, and are denied Medicaid coverage. If you qualify for the Enhanced Program, emergency services will be provided to you free of charge. You will be charged for other medically necessary services at the Amounts Generally Billed (see above).

If you qualify for either the Basic or the Enhanced Programs, you will in no case be charged more than Amounts Generally Billed for emergency services or other medically necessary services. In addition, you will never be required to make advance payment or other payment arrangements in order to receive emergency services. However, you will be required in most situations to make a substantial advance deposit or other payment arrangements based upon an estimate of the Amounts Generally Billed in order to receive non-emergency services.

A free copy of the Hospital's financial assistance policy, the billing policy, and the application forms are available on the St. Mary's website at www.st-marys.org. Copies are available at the Hospital in the Admitting area located near the main entrance of SMMC (located at 2900 First Avenue, Huntington, WV and follow the signs to "Admitting" or "Registration"). Copies of this information are also available by mail by contacting St. Mary's Patient Financial Services at 304-526-1014. The St. Mary's Patient Financial Services staff is available to answer questions and provide information about the Basic and Enhanced Programs, the application process and nonprofit organizations and government agencies that can assist with these applications. The St. Mary's Business Office (PFS) is located on 3-West and can be reached by phone at 304-526-1014.
